

What the Heart Knows

The script of the heart tells us about what we truly love. But our heartscript is often only partly revealed to us; it can lie beneath many complex layers of feelings, of ideas and of memories. What does your heartscript tell you?

This series of five small collages is done on canvas with acrylic paint, paper and ink.

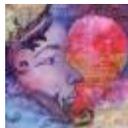

Crossed Heart

Sovereign Heart

Unravelling Heart

Queen of Hearts

Moonstruck Heart

Diana Hamer is a local artist who has lived in North Toronto for 25 years. She works primarily in acrylic and mixed media. She belongs to the art group, Polyphony, whose seven members are Toronto-based women artists.
